CANNON EDGE.
FASTER. TOUGHER. SMARTER.

DOWNRIGGERS ARE BUILT TO GET YOUR LURE IN THE STRIKE ZONE AND KEEP IT THERE. AND THANKS TO CANNON EDGE DESIGN, OURS DO THE JOB BETTER THAN ANY OTHER. MEET THE ULTIMATE WEAPON IN CONTROLLED DEPTH FISHING.

BEFORE WE EVER TALK ABOUT OUR DOWNRIGGERS, WE LISTEN TO THE PEOPLE WHO USE THEM EVERY DAY. WHETHER YOU'RE TROLLING THE GREAT LAKES OR BRAVING THE RIGORS OF SALTWATER, WE ENGINEER OUR DOWNRIGGERS TO RUN FASTER, LONGER AND MORE ACCURATELY – AND WE DO IT TO MAKE YOU A BETTER FISHERMAN. WE HAVE THE SAME PASSION THAT PUTS YOU ON THE WATER DAY AFTER DAY. AND AT CANNON,
IT RUNS DEEP.

ULTRA-FAST RETRIEVAL SPEED

Retrieve your Cannonball weight at a staggering 250 feet per minute – because when the fish hit, you can't be caught waiting.

BUILT TO TAKE ON ANYTHING YOU CAN DISH OUT

When the bite is on, your equipment better have your back. With Cannon®, it always will. A one-piece solid composite frame, reinforced and fully enclosed circuit boards, brass drive gears that prevent overrun, and watertight construction deliver every ounce of power and reassurance you need.

INTUITIVE DESIGN WORKS WITH YOU, NOT AGAINST YOU

We've ergonomically designed our downriggers to help you catch more fish. With easy spool access for quick line changes, dual axis adjustable rod holders, intuitive keypad controls*, a 180° boom end, and easy access to switches, plugs and mounting nuts, you can spend more time fishing and less time rigging.

*Available on Digi-Troll models

CANNON TECHNOLOGIES

SHORT STOP

RETRIEVES THE WEIGHT EASILY AND AUTOMATICALLY

Just press a button and let Short Stop automatically retrieve the weight, so you can get back to fishing. It also prevents boat and downrigger damage from swinging weights.

POSITIVE ION CONTROL

EMITS A FISH-ATTRACTING FIELD OF POSITIVE IONS AROUND THE CABLE

Your boat emits negative ions, which can detract fish from coming near. Positive Ion Control fights back by releasing a field of positive ions around the cable to bring the fish back where they belong: on your line.

CANNONLINK™

CONTROLS YOUR DIGI-TROLL® DOWNRIGGERS FROM YOUR HUMMINBIRD® FISHFINDER

CannonLink™ lets you control up to six downriggers at once. Cycle the weight up and down, bottom track, raise and lower the weight, and adjust Positive Ion Control. All at the push of a button, directly from select Humminbird® fishfinders.

USING A DOWNRIGGER

Controlled depth fishing lets you get your lure where the fish are, and keep it there. Cannon downriggers are designed to make the whole process as effortless as possible, so you can spend more time fishing. Here's how they work.

1 ATTACH AND LOWER

To rig, attach the weight (or Cannonball) to the cable, and use a "line release" to attach the weight to the line. Place the rod in the rod holder and lower the weight to your desired depth.

2 DOWN WITH THE WEIGHT

While trolling, the weight of the Cannonball keeps your lure at your desired depth and allows it to "swim" more naturally behind the weight. On some Cannon downriggers, you can cycle the weight up or down, or keep it a set distance from the bottom.

3 LINE RELEASE

Once a fish takes the lure, the line release lets go of the line and the fish is on.

4 REMOVE AND REEL

After you see that the fish is on, remove the rod from the rod holder and reel in your catch.

SPEED AND TEMP

Using a speed and temperature monitor – like our ingenious IntelliTroll – will help you find the ideal depth and temperature to set your lure. IntelliTroll tracks the speed and temperature at your lure for the most accurate readings.

INTELLITROLL

DEPTH PERCEPTION

Cannon® IntelliTroll™ tracks depth in addition to speed and temp – delivering the most comprehensive, accurate readings of the water below. IntelliTroll's hydrodynamic design provides clear, consistent readings on a large, easy-to-read LCD screen. And with an easy-on, easy-off clamp, it's ready to fish right out of the box.

PART NO. 1903100

FEATURES

Sensor gauges depth, speed and temperature with unprecedented accuracy

Hydrodynamic design reduces blow-back to improve depth accuracy

Clamping mechanism is easily adjustable for quicker attachment, and creates a more stable connection

Integrated wet switch automatically activates IntelliTroll when unit is placed in water

Large LCD screen is easy to read

Double O-ring construction safeguards the unit against water intrusion

Includes 200' of coated cable

Operates on four AA batteries

INTEGRATE WITH DIGI-TROLL 10

The LCD screen on our revolutionary Digi-Troll™ 10 downrigger can take the place of your IntelliTroll monitor. Just purchase the sensor* and sync it with your Digi-Troll 10 to receive full speed, temp and lure depth readings alongside your downrigger control feedback.

*SENSOR PART NO. 1903110

DIGI-TROLL 10

THE MASTERMIND

THE REDEFINITION OF DOWNRIGGER PERFORMANCE.

Turns out, you can have it all: ultra-responsive control, unparalleled strength, precise performance and revolutionary innovations. They're all yours with Digi-Troll 10. When the lines are down, Digi-Troll 10 gives you total control of everything you expect your downrigger to do – and a few things you never knew it could.

HIGHLIGHTS

INTEGRATED CONTROL SCREEN Digi-Troll 10's backlit LCD screen can display readings from IntelliTroll – our innovative speed, temp and depth sensor – and lets you raise and lower the weight, adjust Positive Ion Control, or program the amount of line you're using.

REVOLUTIONARY CONTROL FEATURES Digi-Troll 10 gives you the most comprehensive control on the water. Cycle the weight up and down at preset intervals and depths, or use Bottom Track to automatically keep your bait at a preset distance from the bottom. You can even store up to five different preset depths for easy reference.

CANNONLINK COMPATIBLE Control up to six downriggers at once from your Humminbird® fishfinder. The CannonLink accessory lets you cycle your Digi-Troll 10 up and down, bottom track, raise and lower the weight, or adjust Positive Ion Control.

CANNON EDGE Digi-Troll 10 is built tougher and smarter to make you a better angler. Cannon Edge Design features fewer moving parts, one-piece composite construction, a redesigned boom end, protected circuit boards, and easy access to the spool, switches, plugs and mounting nuts.

ADJUSTABLE POSITIVE ION CONTROL Adjust the amount of voltage emitted with Digi-Troll 10's Positive Ion Control feature, which emits positive ions from the cable to create a fish-attracting field of energy.

DIGI-TROLL 10 PART NO. 1902325

Our most technologically advanced downrigger, fortified with Cannon Edge Design.

DIGI-TROLL 10 TS PART NO. 1902330

Step up to the tournament series to take advantage of a stainless steel spool and telescoping boom.

FEATURES

- Ultra-fast retrieval rate of 250' per minute
- Easy-to-use illuminated keypad controls with large backlit LCD screen
- Short Stop feature automatically retrieves the weight at the push of a button
- Waterline Zero lets you keep your weight at a set depth below the surface
- Five adjustable retrieve and deploy speeds
- Easy spool access
- Digital depth counter
- Heavy-duty telescopic boom extends from 24" to 53"
- IP68 waterproof power cord
- 20-lb weight capacity

- Dual axis adjustable rod holder(s)
- Integrated ball storage hook
- Includes mounting base and low-profile swivel base
- Includes 2 line releases and 400' of 150-lb test stainless steel cable
- Corrosion-resistant construction
- Limited lifetime warranty

TAKE COMMAND
Control Digi-Troll 10 using its innovative, backlit LCD screen. Raise and lower the weight, program line amounts or adjust Positive Ion Control – all at the push of a button.

CANNONLINK (sold separately)
Cycle downriggers up and down, bottom track, raise and lower, and adjust Positive Ion Control from select Humminbird fishfinders (1100, 900, 800, 700 or Matrix™ Series).
PART NOS. **1903040 (CANNONLINK)**
1903016 (10' EXTENSION CABLE)

DIGI-TROLL 5

THE INNOVATOR

CONTROLLED DEPTH FISHING ENTERS THE DIGITAL AGE.

Digi-Troll 5 makes it even easier to get your lure where the fish are, from thermoclines to submerged structures. With full keypad controls and innovations like CannonLink and Positive Ion Control, Digi-Troll 5 is fortified with Cannon Edge Design to put you in command of an advanced fishing system.

HIGHLIGHTS

-  **FAST RETRIEVAL RATE** Digi-Troll 5 retrieves the weight at an ultra-fast 250 feet per minute, so you can get your lines out quicker and concentrate on fishing.
-  **FULL KEYPAD CONTROL** From an integrated LCD screen, you can lower and raise the weight, control the depth, and program the amount of line you're using at the push of a button.
-  **CANNONLINK COMPATIBLE** Control up to six downriggers at once from your Humminbird fishfinder. The CannonLink accessory lets you cycle your Digi-Troll 5 up and down, bottom track, raise and lower the weight, or adjust Positive Ion Control.
-  **CANNON EDGE** Digi-Troll 5 is built tougher and smarter to make you a better angler. Cannon Edge Design features fewer moving parts, one-piece composite construction, a redesigned boom end, protected circuit boards, and easy access to the spool, switches, plugs and mounting nuts.
-  **POSITIVE ION CONTROL** Digi-Troll 5's Positive Ion Control emits positive ions from the cable to combat the negative ions from your boat, creating a fish-attracting field of energy.

DIGI-TROLL 5 TS PART NO. 1902320
Upgrade to the all-white tournament series, which includes a stainless steel spool.

DIGI-TROLL 5 PART NO. 1902315
Take to the water with an arsenal of innovation and power.

FEATURES

- Short Stop feature automatically retrieves the weight at the push of a button
- Waterline Zero lets you keep your weight at a set depth below the surface
- Heavy-duty telescopic boom extends from 24" to 53"
- Easy spool access
- Digital depth counter
- Includes mounting base and low-profile swivel base
- Includes line release and 400' of 150-lb test stainless steel cable
- Dual axis adjustable rod holder(s)
- IP68 waterproof power cord
- Integrated ball storage hook
- 20-lb weight capacity
- Corrosion-resistant construction
- Limited lifetime warranty

TAKE COMMAND

Control Digi-Troll 5 using its innovative LCD screen. Raise and lower the weight, program line amounts or adjust Positive Ion Control – all at the push of a button.

CANNONLINK (sold separately)

Cycle downriggers up and down, bottom track, raise and lower, and adjust Positive Ion Control from select Humminbird fishfinders (1100, 900, 800, 700 or Matrix™ Series).

MAGNUM THE WORKHORSE

DEPENDABLE,
DURABLE AND BUILT
TO GET THE JOB DONE.

Magnum gives you the edge with a lethal combination of power and performance. Serious boat captains rely on its rugged construction, fast retrieval rate, and intelligent features like Short Stop and Positive Ion Control. We built it to be straightforward and hardworking – just like the guys who trust it every day.

HIGHLIGHTS

FAST RETRIEVAL RATE Magnum retrieves the weight at an ultra-fast 250 feet per minute, so you can get your lines out quicker and concentrate on fishing.

CANNON EDGE Magnum is built tougher and smarter to make you a better angler. Cannon Edge Design features fewer moving parts, one-piece composite construction, a redesigned boom end, protected circuit boards, and easy access to the spool, switches, plugs and mounting nuts.

SHORT STOP Automatically retrieves the weight at the push of a button, so you can get right back to fishing without worrying about boat damage from swinging weights.

POSITIVE ION CONTROL Magnum's Positive Ion Control emits positive ions from the cable to combat the negative ions from your boat, creating a fish-attracting field of energy.

FEATURES

Dual axis adjustable rod holder
IP68 waterproof power cord
Easy spool access
Three-digit depth counter
Integrated ball storage hook

20-lb weight capacity
Includes line release and 250' of 150-lb test stainless steel cable
Corrosion-resistant construction
Limited lifetime warranty

MAG 5 ST PART NO. 1902300
Includes 24" heavy-duty stainless steel boom and mounting base.

MAG 10 STX PART NO. 1902305
Includes mounting base and low-profile swivel base. Features a telescopic stainless steel boom that extends from 24" to 53".

MAG 10 STX-TS PART NO. 1902310
Features a stainless steel spool, mounting base, low-profile swivel base and a telescopic stainless steel boom that extends from 24" to 53".

UNI-TROLL MANUAL TROLL

THE PATHFINDERS

CRANK IT DOWN AND REEL 'EM IN.

Put control back in your hands when you hit the water with our hardworking manual downriggers. Perfect for smaller boats and shallow water applications, Uni-Troll™ and Manual Troll models let you efficiently raise and lower your weight, so you get more time to concentrate on fishing.

HIGHLIGHTS

FAST RETRIEVAL RATE Uni-Troll and Easi-Troll™ HS utilize an innovative design that lets you raise the weight 50% faster, with reduced cranking effort. So you can get your lines out quicker and easier.

CONTROLLED WEIGHT DESCENT The vertical spool on all Uni-Troll and Manual Troll models is designed with a clutch/brake system that allows for safe, controlled, one-handed weight descent.

UNI-TROLL FEATURES

- 50% faster retrieval rate
- Three-digit depth counter
- Integrated ball storage hook prevents boat damage from swinging weights
- Includes rod holder and line release
- Pre-spoiled with 200' of camouflaged 150-lb test 316-grade stainless steel cable
- 20-lb weight capacity
- Limited lifetime warranty

MANUAL TROLL FEATURES

- Safe, controlled, one-handed weight descent
- Quick mount tab-lock base
- Includes line release and tube style rod holder
- 8-lb weight capacity
- Limited lifetime warranty

UNI-TROLL™ 5

PART NO. 1901105

Includes a 24" heavy-duty boom and the features you need to take control.

UNI-TROLL™ 10

PART NO. 1901100

Features a low-profile swivel base and a heavy-duty telescopic boom that extends from 24" to 53".

UNI-TROLL™ 10TS

PART NO. 1901110

Features corrosion-resistant construction, a stainless steel spool, low-profile swivel base and a telescopic stainless steel boom that extends from 24" to 53".

LAKE TROLL

PART NO. 1901250

Utilizes a swivel-head depth counter and an 18" copolymer boom. Comes pre-spoiled with 100' of stainless steel cable.

EASI-TROLL™ HS

PART NO. 1901010

Features a 50% faster retrieval rate, three-digit depth counter and 24" copolymer boom. Comes pre-spoiled with 150' of 150-lb test 316-grade stainless steel cable.

ROD HOLDERS AND TRACK SYSTEMS

DUAL AXIS ADJUSTABLE ROD HOLDERS — DOWNRIGGER MOUNT

Mount our dual axis rod holders between the mounting base and swivel base of your Cannon downrigger for unparalleled rod positioning. A pistol grip release allows for quick, one-handed angle changes, and the innovative ratcheting adjustment system allows you to easily pull the holder to a vertical position. Full 360° rotation makes it the ultimate fishing accessory.

PART NO. 1907024

DUAL AXIS ADJUSTABLE ROD HOLDER

Position rods vertically or easily remove them, thanks to the innovative ratcheting adjustment system on our rod holders.

360°
ROTATION

RATCHETING
ABILITY

ONE-HANDED
ANGLE ADJUSTMENT

SINGLE AXIS

RAIL MOUNT

CLAMP MOUNT

SINGLE AXIS ADJUSTABLE ROD HOLDERS

This 10" holder utilizes 6 up and down locking positions, and delivers 90° of side-to-side rotation. Our track system workhorse, it features a pistol grip release for quick angle adjustments and a ratcheting vertical positioning system. Includes a UV-resistant end cap to protect the rod and reel.

The rail mount version fits round or square rails from 3/4" to 1-1/4"; perfect for boats with rails. The clamp mount version features a mount that opens to 2-1/2".

PART NOS. 1907001 (SINGLE AXIS HOLDER)
1907020 (SINGLE AXIS HOLDER WITH RAIL MOUNT)
1907021 (SINGLE AXIS HOLDER WITH CLAMP MOUNT)

DUAL AXIS ADJUSTABLE ROD HOLDER

Experience 360° of rotation at the push of a button with this 10" holder. It features six up and down locking positions, a pistol grip release for quick one-handed angle changes, and a ratcheting adjustment system that allows you to quickly position the holder vertically. Includes a UV-resistant end cap to protect the rod and reel.

PART NO. 1907002

FIXED ANGLED ROD HOLDER

Angled at 60°, with 90° of side-to-side rotation adjustment, this 10" rod holder is a staple of our innovative track system. Includes a UV-resistant end cap to protect the rod and reel.

PART NO. 1907000

LOCK. LOAD. FISH.

Our revolutionary rod holder track systems are built to fit the way you fish. The innovative pistol grip holders feature a ratcheting system for easy removal and angle adjustment. And the entire system of interchangeable, high-strength aluminum components lets you spend less time rigging and more time reeling in fish.

ALUMINUM MOUNTING TRACK

This track uses locking grooves to prevent accessories from twisting, and allows for components to be easily removed or replaced. Includes mounting hardware.

PART NOS. 1904025 - 6"
1904026 - 12"
1904027 - 18"
1904028 - 24"
1904029 - 36"

PEDESTAL MOUNT TRACK

Mount up to two or three rod holders on this 3"-high pedestal track, which can be surface mounted or slid into a mounting track. Features locking grooves that prevent accessories from twisting.

PART NOS. 1904005 - 12"
1904006 - 18"

GIMBAL MOUNT TRACK

Mount up to three flush mount rod holders on this 18" track, which uses locking grooves to prevent accessories from twisting. Choose from a side gunwale or stern mount with 12" tube lengths. Both models utilize a 30° angle and 1-1/2" outer diameter tube.

PART NOS. 1904010 (SIDE GUNWALE)
1904011 (STERN)

CLAMP MOUNT

This clamp mount opens up to 2-1/2" and can accommodate our single axis rod holder.

PART NO. 1904020

ALUMINUM FIXED BASE DOWNRIGGER PEDESTAL

For surface or track mounting, this sturdy fixed base comes in 4" and 6" heights. The top plate is pre-drilled and tapped to allow mounting of a Cannon swivel base and downrigger (and other downrigger brands).

PART NOS. 1904030 - 4"
1904031 - 6"

ALUMINUM SWIVEL BASE DOWNRIGGER PEDESTAL

For surface or track mounting, this smooth-action swivel base rotates 360°, with 16 locking points spaced every 22.5°. The top plate is pre-drilled and tapped for mounting Cannon downriggers (and other downrigger brands).

PART NOS. 1904032 - 4"
1904033 - 6"

DECK MOUNT PLATE

This adaptable 4" x 3" plate works with Cannon dual axis rod holders, pedestal mount tracks and downrigger pedestal mounts. Plates can be mounted in a variety of locations, and a protective mounting boot lets you avoid sharp edges. Includes mounting hardware.

PART NO. 1904000

RAIL MOUNT

This convenient rail mount can attach our single axis rod holder to either round or square rails, from 3/4" to 1-1/4" or 1-1/4" to 2".

PART NOS. 1904015 - 3/4" to 1-1/4"
1904016 - 1-1/4" to 2"

MOUNTS, BASES AND LINE RELEASES

RIG IT UP. REEL 'EM IN.

MOUNTING BASE UNI-TROLL

This base is made for large-body manual Cannon downriggers. The standard model features heavy-duty Lexan® construction for superior strength and UV resistance. The 316-grade stainless steel model adds the power to resist rusting, pitting and corroding.

PART NOS. 2207002 (STANDARD)
1903004 (STAINLESS STEEL)

TAB LOCK BASE

Allows for easy removal and replacement of Lake-Troll, Sport-Troll™, Easi-Troll, and Mini-Mag™ downriggers. Built with heavy-duty Lexan construction for corrosion and UV resistance.

PART NO. 2207001

MOUNTING BASE MAGNUM AND DIGI-TROLL

For large-body electric Cannon downriggers, our standard base features heavy-duty Lexan construction for strength and UV resistance. Upgrade to the 316-grade stainless steel model for unrivaled protection against rusting, pitting and corroding.

PART NOS. 1904040 (STANDARD)
1904045 (STAINLESS STEEL)

DECK PLATE

Reinforces Cannon bases and pedestal mounts installed on thin decks and gunwales. Built with machined aluminum and powder coated to resist corrosion.

PART NO. 2200693

LOW-PROFILE SWIVEL BASE

With 16 locking points, this base allows for 360° downrigger rotation with locking positions every 22.5°. Lexan components and stainless steel construction make the standard model as strong as it is versatile. Also available in a 316-grade stainless steel model for added strength and corrosion resistance.

PART NOS. 2207003 (STANDARD)
1903002 (STAINLESS STEEL)

RAIL/SIDE MOUNT

Designed to secure your downrigger to the "T" joints on rails of boats with narrow gunwales. Built with machined aluminum and powder coated to resist corrosion.

PART NO. 2250940

GIMBAL MOUNTS

Mount your downrigger in 30° flush mount rod holders with our sturdy, corrosion-resistant standard gimbal mounts. For added corrosion protection, step up to the stainless steel model. Both models are available in 9" or 12" tube lengths with 1-1/2" outer diameter tube.

PART NOS. 2250927 (STANDARD, 9" HEIGHT)
2250928 (STANDARD, 12" HEIGHT)
1903005 (STAINLESS STEEL, 9" HEIGHT)
1903006 (STAINLESS STEEL, 12" HEIGHT)

CLAMP MOUNT

Secures downrigger to the gunwale or transom. Works with Lake-Troll, Sport-Troll, Easi-Troll and Mini-Mag downriggers. Built with machined aluminum and powder coated to resist corrosion. Maximum clamp opening: 2".

PART NO. 2207327

UNI-LINE RELEASE

Two adjustment points allow tension settings from 2 to 22 lb. Perfect for slow trolling with live baits or going after light-hitting walleyes. Easy one-hand tension release for use on any test line in saltwater or freshwater.

PART NO. 2250009

QUICK RELEASE™

Even in a bouncing boat, the Quick Release™ is quick and easy to use with no twisting, winding, or looping to damage your line. Adjustable tension lets you match your line weight and fishing style.

PART NO. 2250119

OFFSHORE LINE RELEASE

Quick and easy to set even on turbulent waters, it won't damage your line by twisting, winding or looping. Spring-loaded "clothespin" design allows for all types of fishing.

PART NO. 2250106

OFFSHORE SALTWATER LINE RELEASE

Corrosion-resistant, high-tension spring is designed for heavier saltwater lines. Troll at high speeds in deep water with its heavy-duty release. Anti-fouling pins prevent line from snagging behind the gripper pads.

PART NO. 2250109

UNI-STACKER RELEASE

All the characteristics of the Uni-Line Release, with an extra stacker clip to allow fishing at multiple depths off a single weight.

PART NO. 2250105

QUICK STACKER™

Attaches directly to your downrigger cable for stacking applications. Quick and easy to use with no twisting, winding, or looping to damage your line. Adjustable tension lets you match your line weight and fishing style.

PART NO. 2250120-1

OFFSHORE STACKER

Adds the ability to fish at multiple depths off a single weight with the popular Offshore Line Release.

PART NO. 2250107

PINCH-R-RELEASE

Spring-action clip opens quickly and easily with finger pressure. The deeper the line is set back in the pads, the greater the tension. Tension settings range from 2 to 12 lb.

PART NO. 2250111

ACCESSORIES

MINI-TROLL™
A horizontal reel/brake, 100' of stainless steel cable and a swivel-head depth counter come standard.
PART NO. 1901200

TERMINATOR SINGLE
A single termination system for one-time equipment severance.
PART NO. 2250141

FLASH WEIGHTS™
Vinyl coated to prevent scratching the side of the boat; uses reflective prism tape on the fin for extra fish attraction.
PART NOS. 2295002 - 4 lb, 2295180 - 6 lb, 2295182 - 8 lb, 2295184 - 10 lb, 2295190 - 12 lb

MINI-TROLL ACCESSORY KIT
Kit includes a rod holder, 4-lb flash weight and Uni-Line Release for the Mini-Troll™ downrigger.
PART NO. 2250005

SINGLE ROD HOLDER
Downrigger-mounted rod holder features dual axis adjustability. Fits all 2011 Cannon electric downriggers.
PART NO. 1907070

RETRO-EASE™ WEIGHT RETRIEVER
Brings the weight right to you so you can avoid leaning out or swinging the boom in to re rig. Fits all downriggers with booms up to 8' length.
PART NO. 2250122

CANNON COVER™
Protect your downrigger with a professional-grade cover. It guards against the elements with a secure Velcro® fit and non-abrasive backing.
PART NOS. 1903030 (BLACK) 1903031 (WHITE)

TERMINATOR KIT™
Includes six each of the superior Cushion Cartridges, Cannon Terminators and Snap Swivels.
PART NO. 2250002

ROD HOLDER
Three-position configuration delivers fast baitcast or spinning rod pickup. Spring-loaded tension knob allows for quick rod adjustment. Its 360° base can be top or side mounted.
PART NO. 2450169-1

ROD HOLDER ACCESSORIES
Adapt this rod holder to fit the way you fish, with these accessories.

6" Extension Post
PART NO. 1907040

Flush Mount Adaptor
PART NO. 1907030

Rail Mount Adaptor
PART NO. 1907050

Top/Side Mount Adaptor
PART NO. 1907060

DIGI-TROLL RELAY CABLES
20' cable allows networking of multiple downriggers for bottom tracking (Digi-Troll) or CannonLink Fishing System Module control.
PART NO. 019634

DIGI-TROLL TRANSDUCER
Provides bottom tracking ability to Digi-Troll downriggers. Network up to six downriggers to troll at set distances from the bottom through this single transducer.
PART NO. 1491072

FLUSH MOUNT POWER PORT
Our power port allows for quick thru-hull connection to a Cannon downrigger power cable. It quickly connects to the yellow female battery end plug from your downrigger, with no need to cut or splice wires. The watertight cover and gasket shield your downrigger plug from corrosion when not in use.
PART NOS. 1903013 (WHITE) 1903012 (BLACK)

DOWNRIGGER SPARE SPOOL
Replace your downrigger spool or grab a spare. Choose from either the standard composite spool or the Tournament Series, made from 316-grade stainless steel.
PART NO. 1903050 (COMPOSITE - BLACK) For Mag 5 ST, Mag 10 STX, Digi-Troll 5 and Digi-Troll 10 models
PART NO. 1903051 (TOURNAMENT SERIES - STAINLESS STEEL) For Mag 10 STX-TS, Digi-Troll 5 TS and Digi-Troll 10 TS models
